## dedication

Thanks to the days which have taught me this.  
Thanks to you who have taught me this.

Dag Hammarskjold

We will not forget our years spent here; neither can we forget you, who have been so much a part of those years. You have laughed with us and taught us much of life. We are grateful, for your wit has delighted us and your wisdom inspired us. You are more than our teacher—you are our friend. Because you have given us so much of yourself—your time, your knowledge, and your understanding—we, the class of 1967, dedicate our **Aberjona** to you, Mr. Francis X. Finigan.

In woods where many rivers run  
among the unbent hills  
and fields of our childhood  
where ricks and rainbows mix in memory  
I see again those myriad mornings rise  
when every living thing  
casts its shadow in eternity  
and all day long the light  
like early morning  
with its sharp shadows shadowing  
a paradise  
that I had hardly dreamed of  
nor hardly knew to think  
of this unshaved today  
with its derisive rooks  
that rise above dry trees  
and caw and cry  
and question every other  
spring and thing

Lawrence Ferlinghetti

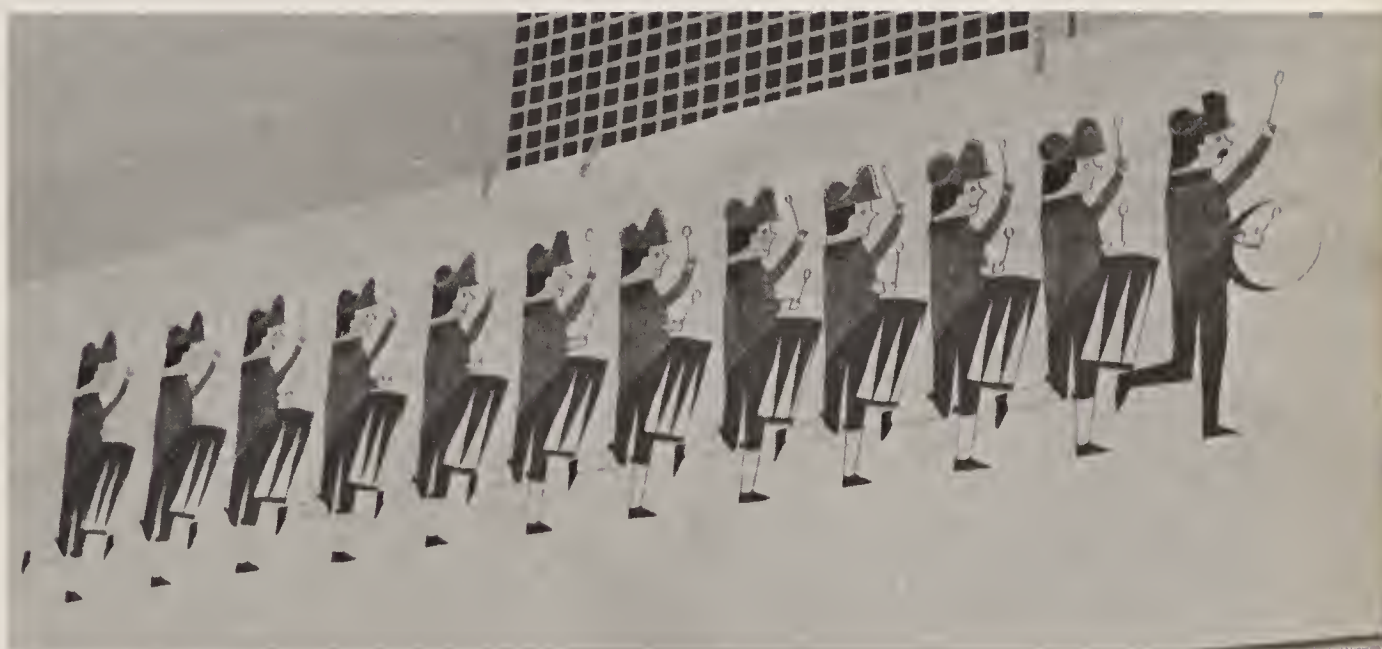

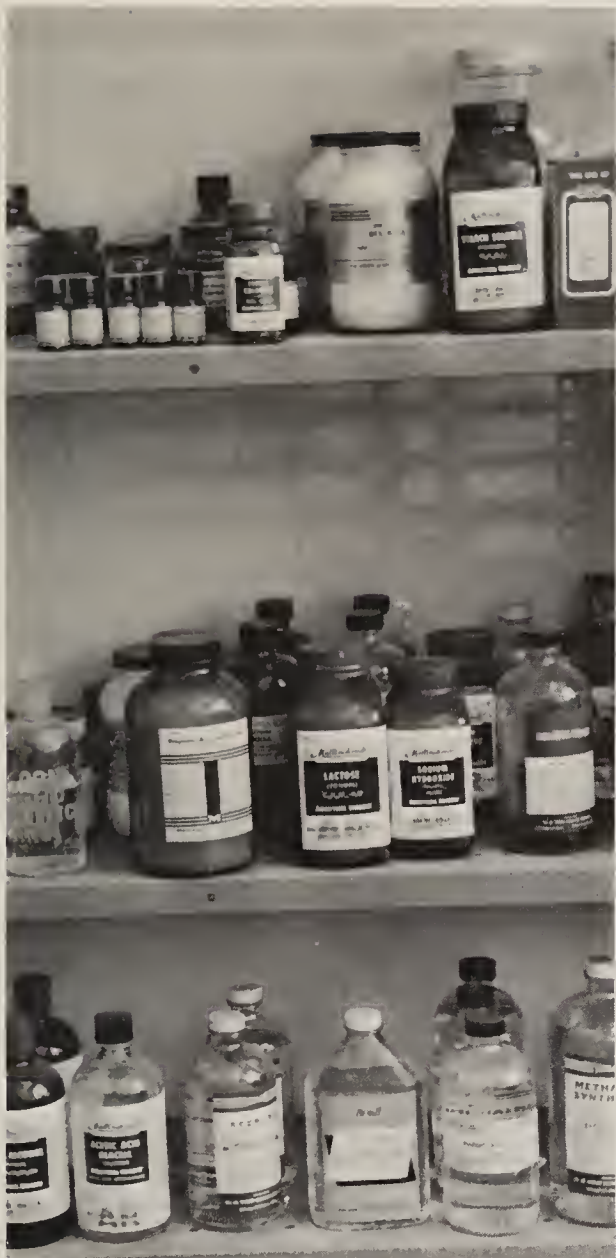

Ours is a world of changing patterns—  
of ever-deepening shadows  
and ever-endless dawns.

A world whose eyes are wide  
with the wonder and bewilderment of youth,  
and whose hands reach out  
to the wisdom and stability of age.

A world of contrasts,  
of demands and diversions—  
inevitable trials,  
sobering responsibilities,  
exhaustive efforts . . .

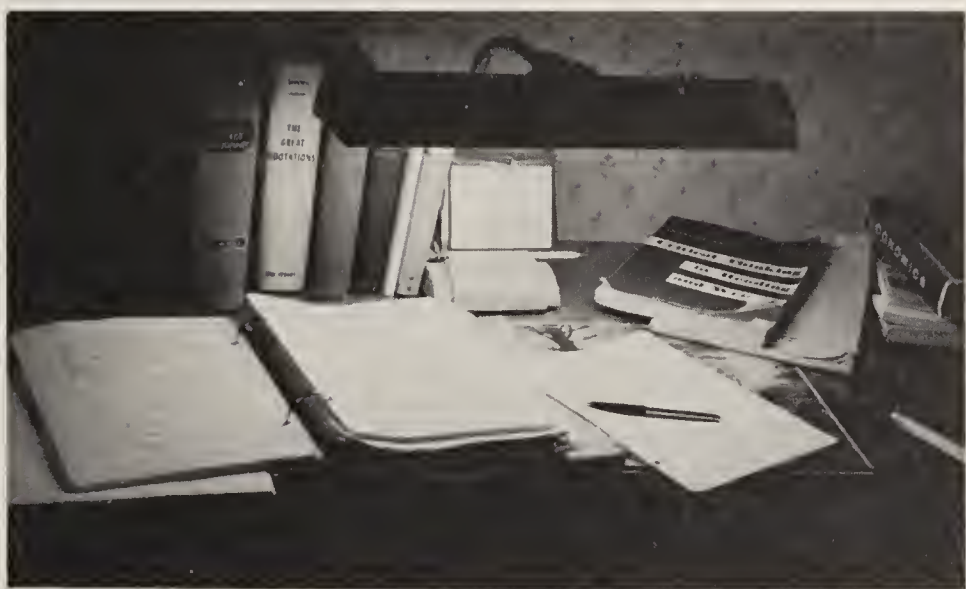

of fleeting emotions,  
soaring freedom,  
boundless energy,  
spontaneous enthusiasm.

A world whose sounds and silences  
weave the fabric of our moods—  
a time to sing and to shout . . .  
a time to confide and to share . . .

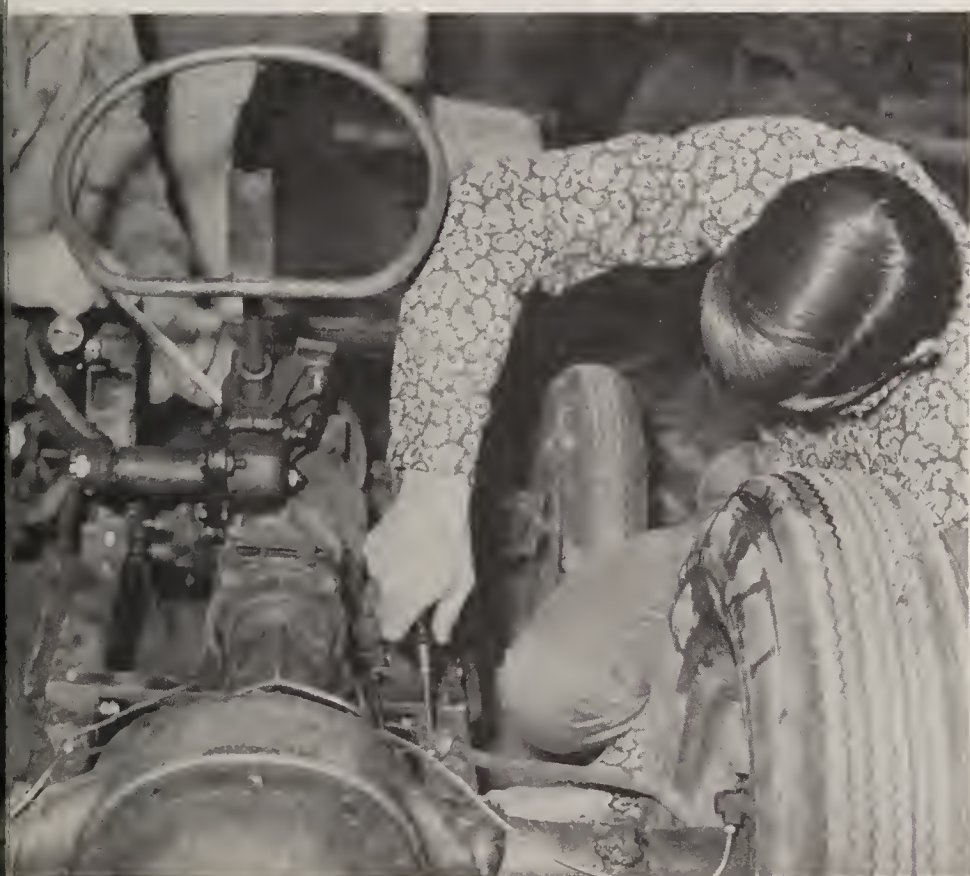

a time that needs no words.

A world of inspiration and creativity  
in which we strive to be ourselves,  
and still to reach beyond this hour  
to something more than what we are.

A world of thresholds and crossroads,  
of old perspectives  
and new dimensions . . .

behind us, the memories . . .  
before us, the dreams.

## juniors

"No longer low men on the totem pole!" With a year of confusion behind us and years of expectations ahead, we embarked on our *deuxieme annee* at W.H.S. No sooner had we again taken up our academic pursuits than we were turned into candy salesmen. With the demise of Melto Mints and the rise of Fanny Farmer Chocolates, sales boomed. Thus, the junior coffers were filled. But our new-found wealth was soon spent on reams of crepe papier, gallons of paint, and miles of Scotch tape. Armed with this conglomeration, we soon transformed the gym into the magical world of "Apple Blossom Time". With this memorable occasion behind us, we turned our attention to the more serious matters of SAT's, finals, and college plans. We come to the end of our junior year with mingled relief and regret, and look ahead with anticipation to our hectic days as seniors.

## student council

Under the guidance of Mr. Ball, the Student Council was extremely active this year—negotiating for exemption from senior finals; setting up a system of student tutoring; sponsoring the visit of underprivileged children to Christmas at WHS; running the Middlesex Convention of Student Councils; holding a luncheon for new students; enlarging the Laurence Owen Scholarship Fund; sponsoring two South American exchange students; setting up student conferences on dope addiction, alcoholism, and sex education; getting Teddy and the Pandas for Winchester's first Winter Carnival; running the annual Gnerd Dance and the novel Computer Dance; running class elections; and planning a new youth employment service.

## traffic squad

This year's traffic squad will go down in WHS history as the Red Guard. These men, never seen without their red and black arm bands, not only held our doors but also endeavored to fight crime and corruption and to protect the innocent. Thanks to Mr. Branley's organization and Mr. Larocco's ever-present assistance, the squad managed to achieve these goals. They were an especially pleasant and helpful group this year. Students got a hearty "Merry Christmas" from the ground floor boys, and sophomores received simple directions to fourth floor classrooms from the dead end boys on the third floor.

## national thespians

The National Honor Society and National Thespians recognize exceptional students for their outstanding scholastic and dramatic achievement. The school's most promising and dedicated actors comprise the National Thespians, while the members of the National Honor Society are selected for qualities of scholarship, leadership, character, and service. WHS is justifiably proud of these two honorary organizations which reflect some of the school's varied and valuable student talent.

## curtain and cue

Curtain and Cue, with a participating and ever-increasing membership, once again had the distinction of being the largest student organization at WHS. Almost immediately the actors were chosen for One Act Play Night, and the underclass directors worked frantically to end the seniors' winning streak, but to no avail. The Class of 1967 was unbeatable! This performance was soon followed by the students' own interpretation of "Christmas is a Time of Giving." Our New Year's resolution was to make the Junior-Senior Play, **The Diary of Anne Frank**, a dramatic triumph. With a varied and rewarding year, the Cue spelled nothing but success.

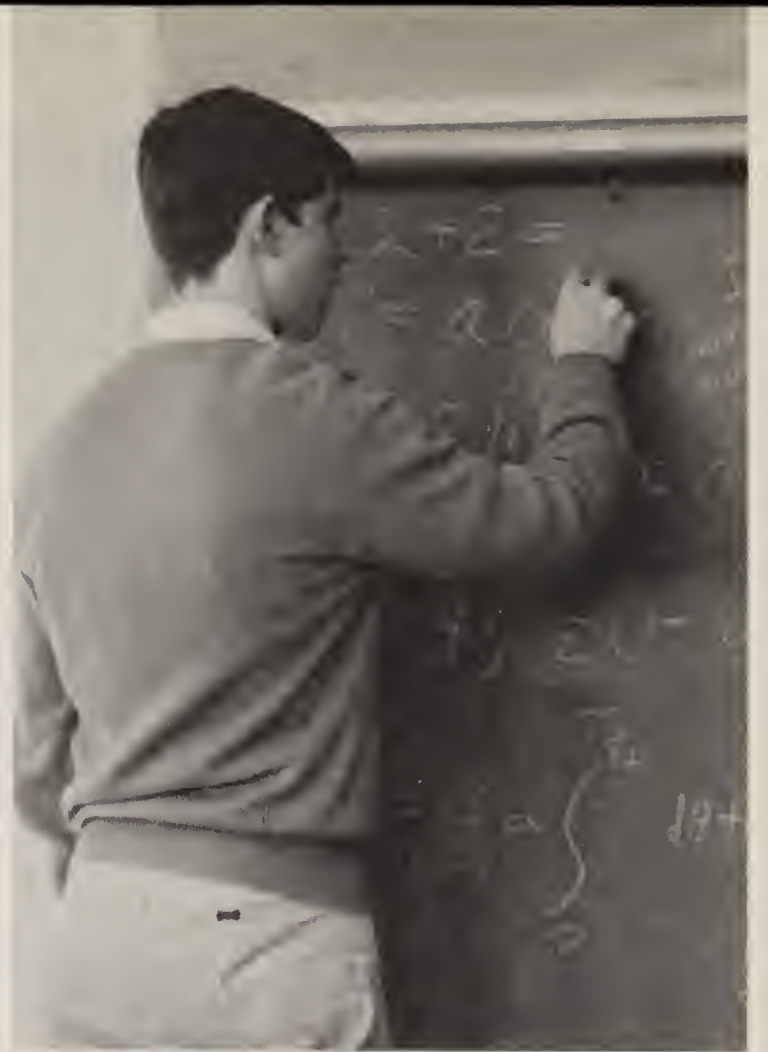

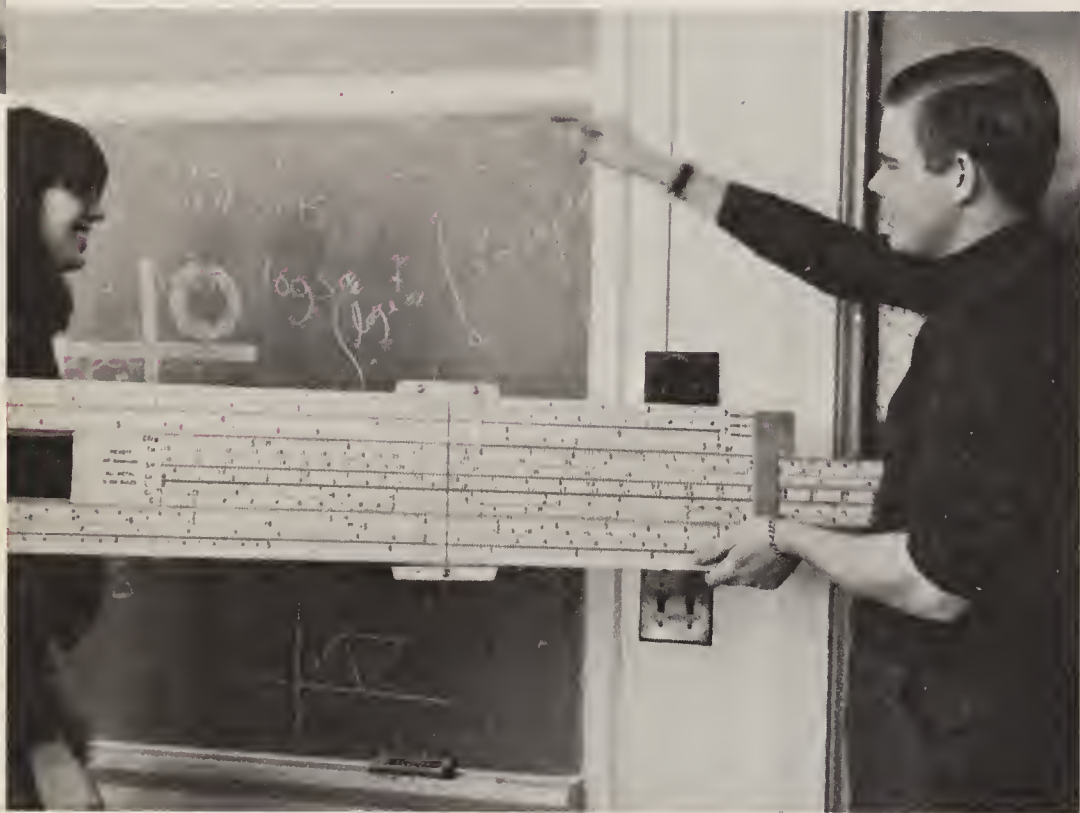

## math club

"Mathematics, the Queen and Servant of the Sciences" is degraded every Monday afternoon in room 101. A bewildered Mr. Stone overlooks the esoteric proceedings: descriptions of the application of third order derivative matrices or addition mistakes on the latest chem. exam. Discussions of our school's math courses and trips in Mr. Stone's Corvair (one every year is enough!) round out our curriculum.

SEATED: E. Shiang; J. Stiles; A. Bird. STANDING: Mr. Curtis; E. Okerson, president; B. Haag.

## science club

Not all chemical reactions proceed at a rapid pace. Some may fizzle out altogether, while others need a catalyst to get things going. So it was with this year's Science Club, headed by President Eric Okerson. Things got off to a slow start for our would-be scientists, but they soon gained momentum. Although the club saw few tangible results at first, hidden activity was brewing within the members' minds as extensive plans fomented. Among the considered projects were several unusual field trips and a long-awaited attempt to reinstitute the Science Fair at W.H.S.

91.9 megacycles on your FM dial—the voice of WHSR. For those who have a super-powerful radio or live within a hundred yard radius of the school, much valuable information and pleasant entertainment were beamed across the airways from the WHSR studios. This year the station's listeners were not only deluged with the usual music and interviews originating from the spacious cubicle in the back of the Speech Arts Room, but they also enjoyed excellent on-the-spot coverage of such events as the Friday night basketball games, the town meeting concerning a sight for the new high school, and the controversial local elections. WHSR certainly never saw a dull moment, whether on or off the air.

## appreciation committee

Using every means within their power to dispel those early morning headaches, the Appreciation Committee has brought the students and faculty of WHS a varied daily program.

Each morning, along with those essential announcements, the committee presented, with bright, cheery voices, a provocative thought and, usually, appropriate music. Although efforts to calculate the length of time necessary for the entire school to stand for the flag salute met with failure, the committee members were highly successful in terrorizing the staff engineers of the radio station each morning.

This year, under the advisorship of Miss St. Jean, the committee made great changes in the format of the program. In the future, WHS can look forward to editorials, anecdotes, and more inspiring music from the cabinets of WHSR-FM.

## debate club

"Full of sound and fury, signifying nothing"—an apt description of this year's typical debate. "Resolved: that the United States should limit its foreign aid program to non-military assistance." Attacking this topic with admirable verbal agility, if somewhat faulty logic, the debate club valiantly attempted to prove anything and everything, from the evils of communism to the virtues of war. With some new things—impromptu switch-cases, cross-exams, a drafty station wagon, and enough varsity debaters—and some old ones—eight minute rebuttals, nervous novices, Chuck's sarcasm, and the traditional snow job—the debate club managed to dig itself out from beneath an avalanche of fallacious reasoning and once again lived up to Miss Cannon's motto—"Fight!"

## audio-visual

Trundling their dolly carts down the halls, balancing unwieldy projectors and clattering reels of film, the audio-visual staff rushes to the rescue of many a stranded teacher. Without these unsung heroes and their dedicated leader, Mr. Aversa, the relieved and delighted cry of "We're gonna have a movie!" would no longer arise from the depths of our classrooms. Although the film on Vietnam occasionally ends up in the Home Ec. Room, or a frustrated teacher finds he has been delivered a tape recorder with which to show his slides, all in all, the audio-visual staff performs a delicate and indispensable service with alacrity and aplomb.

## creative writing

The Creative Writing Club meets Wednesday afternoons in room 303, pushes the desks into a rough circle, and passes the eatables—temporal and spiritual. Club members' short stories and poems are read and criticized for the benefit of all present, especially the author. This spring the group re-established the school's literary magazine, **The Prism**, asking for contributions from all inspired students.

We, the first group of graduating charter members, would like to thank Miss Collins for the strength and value of her literary convictions.

The Bridge Club, brought back into existence chiefly through the efforts of its president, Jeanne Burton, has been surprisingly popular this year. Almost every Friday night, food and tables have been set up at a member's house. One reason for its success is that it caters to all types of bridge players—the expert who plays for blood; the intermediate who plays for fun and generally switches to crazy eights or war; and the beginner who comes just to socialize.

## honor committee

"Above all; to thine own self be true, and thou canst not then be false to any man" is as good advice today as it was in Shakespeare's time. However, that precious commodity of honor seems to be disappearing all too fast from our classrooms. To remedy the situation, the honor committee has toiled long and hard over the formulation of a workable and acceptable honor system for the entire high school. Although they have met with vociferous opposition from many students and teachers, the honor committee has seen various forms of the system successfully instituted in several classes. Its members are dedicated to continuing their efforts to minimize cheating and to instill a sense of responsibility among the students.

## philosophy club

Under the watchful eye of Mr. Budrewicz and supported by the efforts of President Sally Weedon and the other members of the steering committee, the Philosophy Club has continued to bring interesting and informative speakers to WHS. During the year, members' brains were prodded into activity to discuss such varied topics as UFO's, the Peace Corps, and LSD "happenings". The Philosophy Club meetings are open to all WHS students, so why not come and add your ideas at our next meeting? Who knows—you may turn out to be another Socrates!

## international relations club

At last! Pennsylvania! This year the International Relations Club proudly sponsored a trip for five of its members who were selected as delegates to the tenth annual East Coast Model United Nations. The lucky IRC'ers representing Liberia, the world's oldest Negro republic, joined representatives from over one hundred other peace-loving nations at the University of Pennsylvania conference to discuss various international problems and their possible solutions. Other club members attended similar model U.N.'s at Harvard and Boston College. Through all this excitement, everyone still worked diligently toward two ultimate goals: the promotion of better understanding of international affairs and the development of a substantial treasury for next year's club activities.

## spanish club

Festivity was the keynote of the Spanish Club's first year at WHS. In early December fifty enthusiastic club members journeyed to Boston to see the colorful play, **Man of LaMancha**, which is based on the adventures of Cervantes' hapless hero, Don Quixote. Determined to celebrate the holidays Latin-style, members sang Spanish Christmas carols and broke two candy-filled pinatas at a unique Christmas party. The final highlight of the year for the club was a gala farewell party for the school's two Spanish-speaking exchange students, Maria Amparo Cadavid and Maria Cristina Lopez, from Bogota, Colombia. The club's future plans include organizing a Spanish singing group to give Les Troubadours some competition.

"Gaily the Troubadour touched his guitar."

Well, tout le monde, Les Troubadours have survived in good form another year of rehearsals—quelle confusion!—and great performances. "We'll never be ready!" was the familiar cry, but somehow, under the direction of our fearless leaders, Mrs. Thistlethwaite and Miss Oxman, we always managed to pull ourselves together in time.

The arguments, panic, and problems of the year were forgotten in the light of greater things: singing under the Christmas tree, Betsy's perfect solo, our tape, dreams of Europe.

## red and black

Neal Cavanaugh, Editor-in-Chief

It was a year of many firsts for the **Red and Black**. After eight years of off-set printing, the paper changed over to linotype and glossy paper at the Winchester Star. A reporting staff was organized, assignment sheets were created, subscriptions soared, and the paper actually made money. **Red and Black** editorials became respected for their firm stands on school issues, and the overall improvement in the quality of the news articles received loud applause.

It was also a great year for the staff . . . Rid's famous editorials . . . Julie's endless hours at the light table . . . Jane's spirit . . . Ellie's "creative" articles . . . Scott's advertisements . . . Craig and Betsy's sports spectaculars . . . those 2:30 gossip gatherings with Shelley and Patty . . . Jean's stuffing parties . . . Neal's leadership and mimeographed forms . . . and Miss Gorman's patience. It was certainly a year of new dimensions for the **Red and Black**.

## varsity club

The varsity club is an organization for the sports-minded male. Cold showers, ace band-aids, innumerable push-ups, pulled ligaments, lost uniforms, the cheers of the crowd—a lot goes into an athletic program. However, the most important ingredients are the spirit and the principles of good sportsmanship which the varsity club attempts to advance among athletes and spectators alike.

## girls' intramural council

The girls are holding their own on the athletic fields, thanks to the GIC's promotion of interest in sports for WHS's femmes fatales. The GIC'ers, beneath a jumble of sneakers, towels, point boards, and other assorted paraphernalia, were busy this year decorating the locker room bulletin board with Snoopy cartoons, peddling crew shirts, and planning for their annual Awards Banquet.

"Line up!!!" It was another great season for the Tumblettes, starting with the Pep Rally and finishing with a memorable Thanksgiving game. These twelve girls worked long and hard, hoping that some day they might have a coach (almost made it this year!)

Memories . . . leg make-up . . . Saturday morning practices . . . MUD . . . wild bus rides . . . the "craves" . . . "left, right . . . right, left?!" . . . "another 5:30 practice?!" . . . and a sad but happy breakfast.

Co-captains Mare and Kare wish to thank "their kids" for their patience and wonderful spirit. Good luck to next year's co-captains, Katie and Patti. "Line up!!!"

pep squad

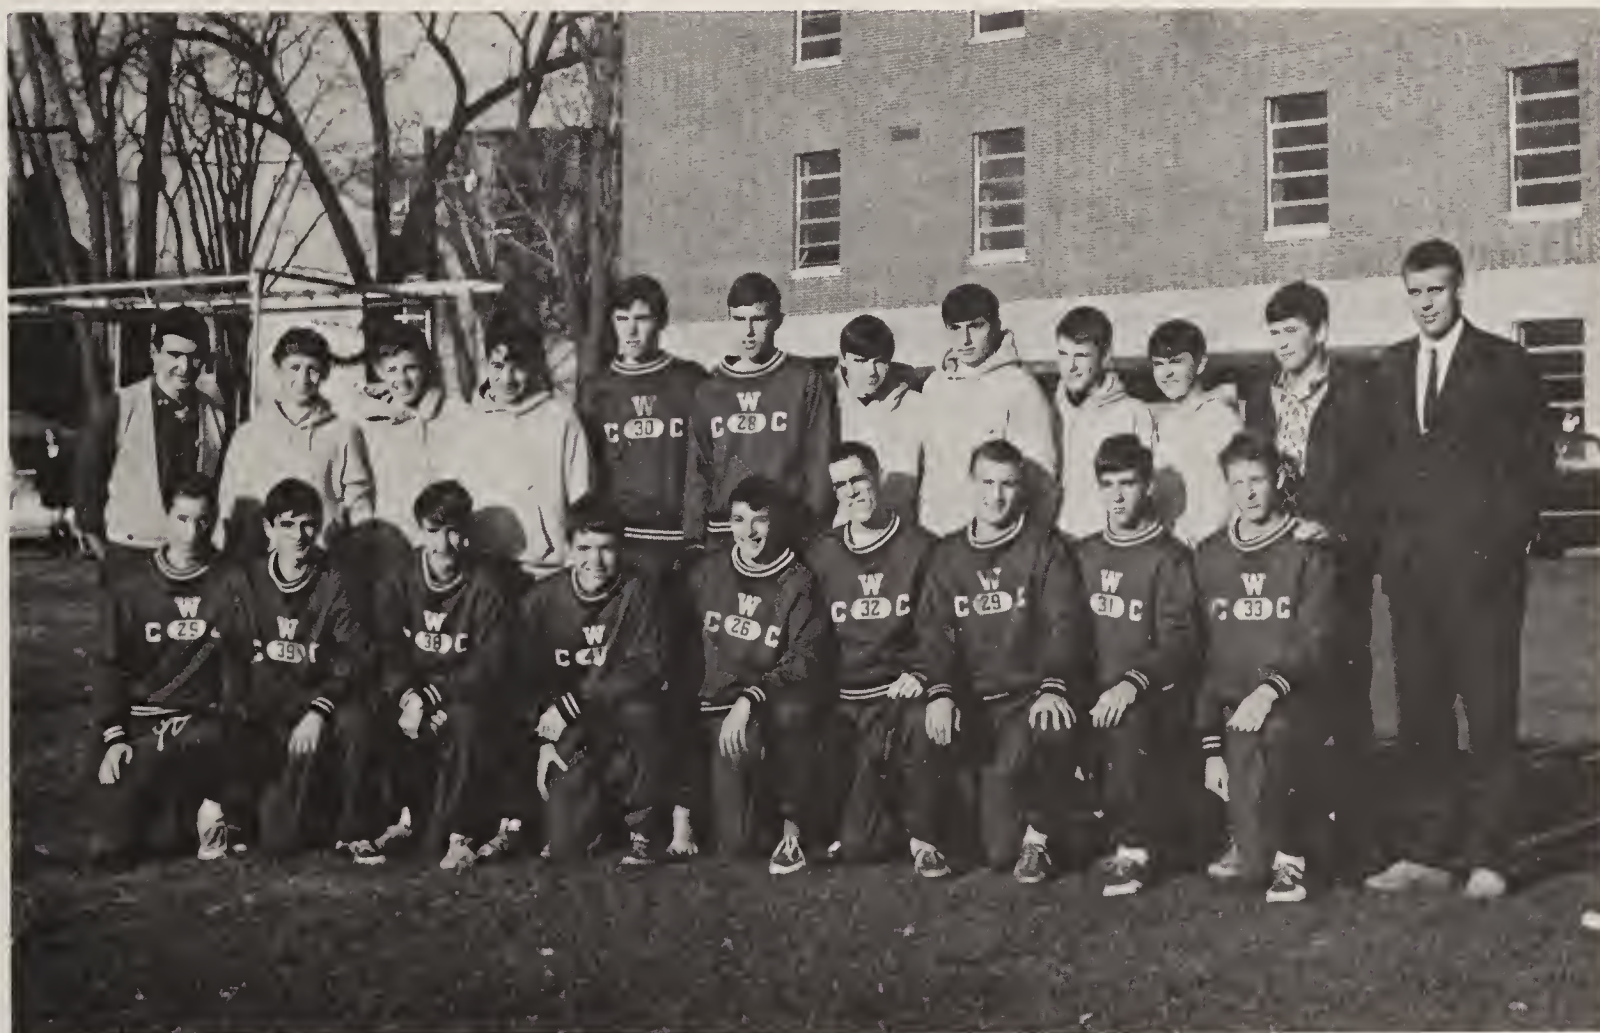

Backed by the strong leadership and enthusiasm of Coach Rawden, the Sachem Cross Country Team wound up the 1966 season with a fine 6-2-1 record. Hurdling fallen limbs and dodging the autumn leaves, the Harriers ran well as a team. The spirit of the club contributed greatly to their success.

When the chips were down, especially after the loss to Lexington, the squad managed to bounce back, taking second in the League Meet and third in the State Meet in Class C. Supporting co-captains Bob Benshimol and Dick Fahey in these efforts were Paul Blanch, Bob McClellan, Wayne Padula, Steve Pritchard, Tom Spang, and many other promising runners.

The graduating seniors wish the best of luck to the 1967 team, captained by Tom Spang.

## the win comes back to winchester

"S-P-I-R-I-T!! Go! Go! Go! Man, what a kick! Run, run! Beautiful! Pass it, Brian, pass. Come on, defense. Stop him! Kill him! Hold that line! Our ball. First and ten, do it again! Come on, Sachems, get up and go! Cheer for Coach Knowlton . . . Let's have Batman. Steal it, steal it, take it away! Block that kick! Pick up the ball and go, go, go! Off sides—foul. The Ref beats his wife! If those cheerleaders don't get off the field, they're gonna be creamed . . . We're from Winchester—couldn't be prouder . . . Charge! Nice pass! You can do it! Sachem on the warpath—ooh, ah! B-L-O-O-D, rah, rah, rah! Give me a W . . . It's about time they put Nutile in. Nice catch! All the way, hey, hey, all the way! There it is! Touchdown! T-E-A-M! With the ringing of "White Coral Bells", the sucking on lemon drops, the drinking of "Love Potion No. 9" and flat choruses of "Home, Home on the Range", the field hockey team romped over its opponents to a second undefeated season. "Cheers for Miss Collins!!" Even with our captains, El and "B", incapacitated at times, the well-knit squad built a wall that was "too high, too low, too narrow, and too wide" for the other teams to weaken. Throughout the season the forward line "hustled" and the defense "clanked". Then, at the end, gold hockey sticks and another cheer for victory!

Let the head go by—don't head it to their fullbacks. This time we've got to go out there and score. Those long shots—you've gotta stay in there. Just keep leadin' 'em down the wing, Chum. Don't give up now. Ozzie, this wing's yours. Get it, get it, get it! Nice!! Black, let's get hungry! Big foot. Get somebody on that goalie! Nice trap! Come on, Black, let's get that hustle back! Fake 'em out! We've got a pass—let's go! Nice foot—run through, Scottie! Cross! Last five—put everything into it! SPIRIT!! Come on—goal—score!!"

## that's the way the ball bounces!

This year's basketball squad met with some tough competition from other Middlesex League schools. Thus, although they did not have the distinction of being first in the league, they enjoyed the almost as noteworthy distinction of being last. However, their position in the league cellar didn't dampen the hoopsters' spirit, and the varsity, led by captain Bob Hilfinger, demonstrated their skill and experience in some close games. The team, spurred by several promising underclassmen, hopes to bounce back to a more successful season. Varsity Players: B. Hilfinger, **captain**; S. Anderson; J. Cheever; R. Fitzgerald; T. Harvey; L. Hillman; A. Ingraham; A. Kincaid; P. Knight; J. Martin; J. Papadinis; J. Pirani; T. Workman.

## hooping dames

Here we are, the "Winch" Celticettes. In our wrinkled, shower-beaten tunics we face every opponent with a smile and "Nausea" (if we don't forget him!) The fight is not for victory, happiness, or satisfaction, but (as Miss Collins agrees) for that ever-loved, ever-sought-for delicious red licorice. The retiring seniors leave the "singer shooters" to the "Jolly Giant Juniors" and the "Silly Swishing Sophomores," hoping that next year they will be fortunate enough to get those gold basketballs that we regretfully left behind. Varsity Players: N. Clark and G. Long, **co-captains**; J. Cantillon; J. Dignam; B. Irwin; B. Johnson; B. Moore; S. Mullare; E. Porter; K. Swanson; L. Taylor.

## albright's acrobats

With much enthusiastic support from W.H.S. students, the "Monkey Men" had their first meet in the W.H.S. gym. Except for a few minor complications resulting from the "interior decorators" in the locker room, the meet went off smoothly, with a 92.25-88.10 win for the Sagyms. The new coach, Mr. Bob Albright, was quite optimistic about the team's prospects. With Eastern Massachusetts a stronghold for gymnastics, he knew that the team would have to work very hard to improve last year's 8-3 record. With returning seniors Bruce Abbott, Tom Butterfield, Wayne Carpenter, Captain Doug Fox, and Mark Totman, the gym team was assured of a successful season.

## subterranean tracksters

Thanks to some unseasonably mild January weather, the Indoor Track Team got in a lot of outdoor running. Many a warm afternoon found them trotting faithfully in endless circles around the track. With sweatshirts flapping and chests heaving, the tracksters practiced hard and long with high hopes of improving last year's record. Competently guided by Mr. Handrahan, and bolstered by returning seniors Bob Benshimol, Dick Fahey, and Captain Roger Fenn, the Indoor Track Team was destined to see its efforts win favorable results.

ROW 1: B. Benshimol; G. Cronin; R. Fenn, captain; D. Fahey; S. Pizzano. ROW 2: J. Armstrong; B. McClellan; J. Connolly; C. Halverson; W. Padula. ROW 3: J. True; N. Benshimol; K. Tully; S. Giacalone; R. Downes.

ROW 1: J. LaPointe; E. Murphy; T. Varley; K. Albertelli; D. McGee; P. Boesch; S. Offenbacker. ROW 2: Coach Holmes; B. Duran; D. Thuma; D. Deandrea; T. Choate; J. Garvey; J. Piazza; B. Armstrong.

Bouley's Bullies became Holmes's Henchmen this year, carrying on the tradition of great wrestlers at W.H.S. The team turned out to be the best one Winchester has ever produced. Under its six captains, Phil Boesch, Bill Duran, John LaPointe, Dan McGee, Dick Thuma, and Tom Varley, the team rallied to an 11-4 season, hoping to climax the season with a sweep of the District Championships and a well-earned trophy for W.H.S. With a lightweight, our muscular playboys could have become the best team in the state. They overcame this handicap with fine individual efforts—the six captains, backed by Tobey Choate, Joe Garvey, John Luongo, and Steve Offenbacker paved the way for this successful season.

## matmen

The Hockey Team, under the guidance of Coach Powers, faced some of the toughest action in its skating career this season. However, the Red Raiders met the challenge adequately in tense, well-fought games. Despite losing a difficult and disappointing contest to undefeated Melrose, the Sachem pucksters scored many decisive and gratifying victories. Sporting a tight defense and a daring offense, the Hockey Team played with flashing skates and plenty of spirit.

**KATHERINE LOUISE ABBOTT**

Witty and fun-loving, that's Abbs. Her contagious laugh can be heard on October 22nd, being buried in a chariot. Her eyes light up at the thought of splurges and O. J. . . . negative on oatmeal cookies and serious people.

Curtain & Cue; Girls' Glee Club.

Greatest ambition . . . to do a "giant" on the horizontal bar.

**KENNETH CARL ALBERTELLI**

SUSAN JANE ARLANSON

Sophisticated . . . zany . . . green eyes aglow at the mention of Rte. 93 or a Cape Cod rescue, but not at an abrupt trailer exit or a "slippery seat." Nunie is baffled by Tuckerman's, Daph's missing buttons, and a blue Mustang. "Whoopie!" With a flash of blonde, off to skiing or U. Mass.

ROBERT WEEKS ARMSTRONG, III

Tall, friendly and sincere, that's Erdo. When not found in the soccer goal, he can be found wearing his red pants and playing nursemaid for the wrestlers. A real plugger, R.B. puts everything into campaigns, stage-crewing, and "saves".

Lacrosse; Soccer; Stage Crew, Co-Chairman; United Nations Club; Varsity Wrestling, Manager.

PATRICIA A. AVAKIAN

"Yih" echoing down the corridors . . . a smile, a laugh . . . Merrie . . . happiest playing tennis or skiing. . . . confusion from Ann and frowns for history and alarm clocks . . . Merrie will always cherish excursions to Boston, a certain traffic officer, and Sunday mornings.

Concert Choir; Curtain & Cue.

#### KEVIN BARRY

Commanding "the" vantage point of W.H.S. delights Brawny, but mention Redstone, concussions, epicondylitis, or Lou's hair cutting, and you'll hear a resounding "catch me later." With a "little help" and the 23rd Amendment, Kevin remembers football and baseball victories and breakfasts at Greene's.

Gretchen's greatest ambition is to grow just one inch. "Where's the fight?" Afraid that she will never understand Jackie, "Gidge" glows at the mention of Mustangs and Art. Petite . . . witty . . . Gretchen.

#### MARJORIE ROSE BERGER

Freckles . . . can be found on weekends in Georgetown, skiing everywhere, looking for "wretched Wabbits" for Ker, day-dreaming about a wonderful summer, trips to visit a certain Cleveland Bear, and washing the "Leprechaun." She's always there when you want her, a true friend.

Aberjona; Bridge Club; Curtain & Cue; Philosophy Club, Secretary.

Intelligent, shy, but fun . . . Car's face lights up at horses and skiing in the Laurentians, but clouds over for Monday mornings and insincerity . . . confused by Shaw . . . admires Ann's ability at getting into trouble . . . memorable and happy experiences with "the group".

French Club; Intramural Field Hockey; Intramural Basketball; Philosophy Club.

#### SUSAN BIASE

A future great White Hunter, Paul is a hockey defenseman, a standout in cross country, and his own Olympic gold medalist. After driving around in the white jeep, Paul also fishes, views all hockey tournament games, and often simply likes to be alone.

Varsity Hockey.

**BARRY STEARNS BLANCHARD**

Maine, Andy Williams and curling are definite prospects for this shy tennis star. Although afraid of Miss Cannon, French, and Doug's argument, he believes in an "indifference" of a sort. Long hair has been a way of life. Bridge Club; International Relations Club; Varsity Tennis, Co-Captain.

**SYDNEY BLANCHARD**

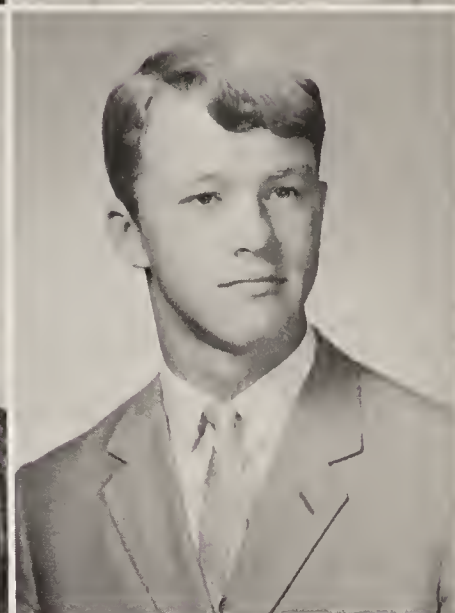

Poised . . . sincere . . . intelligent best describe Syd. Fondest memories are of her junior year and the summer of '66. Long weekends, vacations, and Hampton Beach rate high with Bob, but Monday mornings and English exams are thumbs down. He'll never forget his two years with "Jungle" but is afraid he'll always be confused by Danny.

LEIGH WHITHAM TAYLOR

And in this corner, in "that" red bathing suit, stretching to the height of 6ft. 6in. is "Taylor Ba-bee". Labby would gladly trade Winchester for a permanent Christmas vacation at Cannon Mt., while the fringe benefits of summers on Birch Island will long be remembered.

**Aberjona;** Girl's Intramural Council, Representative; Tumblettes; Varsity Basketball; W.H.S. Handbook, Editor.

#### FREDERICK WILLIAM THAYER

"Did you say Baby Jane?" . . . annoyed by dented fenders, Macbeth, and naturally curly hair (unless it's Freida's!), this semi-pro philosopher brightens at the thought of Harvard Square, Dylan, and . . . WHSR. Fred will most remember a red V.W., Mr. Finigan, All-State Band, and . . . are you kidding . . . Angeline.  
Band; Cross Country; Orchestra; Track.

#### RICHARD RAYMOND THUMA III

Dick is happiest when skiing, or grappling, or down at Leonard's with his Best Buddy, Mr. Bouley. Will always remember Screaming Jay, the M Squad, and Lou. Dick's fondest ambition is to stay out of the hospital for a whole year.  
Varsity Lacrosse; Varsity Soccer; Varsity Wrestling.

#### MARK HUNTER TOTMAN

Captain Marvel's activities center about the Mount Whittier ski slopes, tall Swedes, the gymnasium, and sixty-foot dives from top of the quarries at Rockport. Our number one ringman most regrets a three-day "vacation".  
Band; Science Club; Tennis; Traffic Squad; Varsity Gymnastics.

#### MARY ANN UCCELLO

Fun-loving Mary Ann gets a gleam in her eyes at the sight of a blue '57 Ford . . . likes a good time with Gary, but scared by Sue's appetite and confused by Pete's sense of humor . . . wildest ambition—to win the powderpuff derby in her '33 Ford.

#### TERESA VAN DYKE

Tessie . . . a smile . . . a laugh . . . a sigh . . . a dream. When not living it up, Tess is meditating about the past, planning the future, or just contemplating life. Stoneham . . . remembrances of cheering . . . Hampton . . . a brisk fall day . . . a week-end full of fun . . . understanding.  
Aberjona; Cheerleader; One Act Play Night; Prom Committee; Student Council.

#### THOMAS PHILIP VARLEY

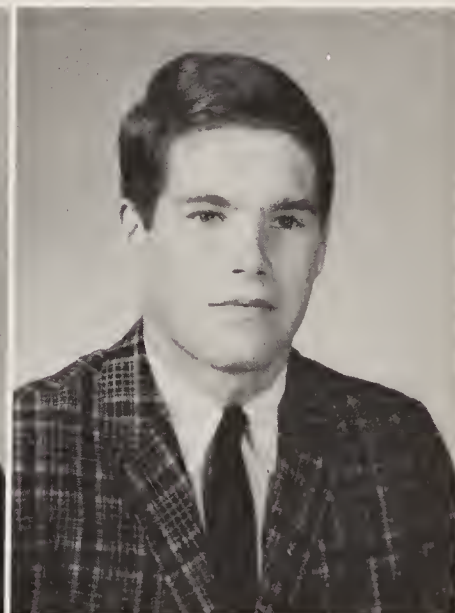

Tom, alias Doc, Peepers or T.V., is that devoted "head-hunting" Sachem linebacker, grappler, stick man, and chaser of blondes. Being a Peter Pan Playboy will never be regretted, but Redstone gets detoured at all costs.  
Traffic Squad; Varsity Club; Varsity Football; Varsity Lacrosse; Varsity Wrestling.

#### SUSAN ALICE VERCOLLONE

"Sue V," disorganized but always on time! Her vain attempts at skiing are good for laughs, while her unique driving tends to cause bumps. Happiness is walking that line for "seven hours". Verc's wildest ambition is to drive up Thompson Street the wrong way.  
Aberjona; Curtain & Cue; Honor Committee; Red Cross, President; Student Council.

#### KEVIN CHARLES VOLLMAR

Kevin can usually be found strapped behind the wheel of a Falcon or toiling at the First National. Will always remember the summer of '66 . . . Sue, who??? Kev will be thankful to Mr. Marks for the understanding he gave him in chemistry.  
Curtain & Cue; Traffic Squad; Varsity Baseball.

#### ROBERT ALVIN WALLACE

Wally, soccer's foremost former goalie . . . the cut-up with the hair cut square across the back. Enjoys house parties and October vacations, D. and W. landscaping and "the road." This future French teacher's lucky number will always be seven.

Curtain & Cue; Varsity Soccer; Wrestling.

#### SARAH JENCKS WEEDON

On windy summer days you can find Sally on a sailfish in Duxbury Bay. Happiness also comes when she is at the bridge table or on the tennis courts. She will never forget Forum . . . sweet and sincere . . . a friend to all . . . Sally.

#### MARY ANN WHITNEY

Whit can usually be found totaling a Chevy wagon, at F.O.M.A. meetings, and on sunny days at Long Beach. "Keep digging, Whit!" Likes include jelly beans, desert boots, Vets, and 17th birthdays. With a million this future nurse would buy the Santa Cruz coast.

Aberjona; Curtain & Cue; Intramural Sports; Junior Prom Refreshment Committee.

#### JOHN DOUGLAS WICKWIRE

Long hair, unusual clothes, a sly smile, and a friendly personality help get Doug in and out of difficulty. Mostly away from town, Doug pursues cars and girls!

Band; Curtain & Cue.

#### JANE HOUGHTON WILE

Talkative . . . friendly . . . Janie smiles at blue Pontiacs and skiing but is disturbed by drizzly days and hair colors. Scared by her own driving, "Wile" will always remember summer '66 and excursions with Rufus in the Bug. Fondest dream is to live in New York.

Aberjona; Curtain & Cue.

#### SUSAN ELIZABETH WILSON

When Sue's not madly rushing to another Aberjona Staff meeting, you can usually find her occupied in the Art room. While snobs and homework rate low on Sue's list, her vitality is rekindled at the mention of vacations. Original . . . imaginative . . . creative . . . Sue.

Aberjona, Editor; French Club; Red and Black.

#### LAURA MAE WINSOR

Snowstorms . . . Christmas Eve . . . sunsets . . . the beach . . . acting . . . Arlington . . . cheeseburgers . . . "whities" . . . Mr. V. . . . faced . . . a certain "unholy roller" . . . chocolate-chip cookies . . . Spirit . . . Mr. Curtis . . . T. Ping . . . convertible napsac . . . surfing . . . water-skiing . . . dancing . . . motorcycles . . . sophomore year . . . TVD's cheering try-outs, sincerity, laughs, fun, memories . . . "what a killer!!!"

Curtain & Cue, Secretary; National Thespian Society; One-Act Play Night; Student Council; Varsity Field Hockey, Manager.

#### DIANE JUNE WOOD

"Woody"—bouncy, a streak of blonde. Formal bleacher parties with Susan, Cape summers, residence in a gas station, white Corvairs to N.Y., a cottage on Pond Street. Remembers junior year with a certain someone and sophomore year in a leaky convertible.

Curtain & Cue; Intramural Sports.

PAMELA ANN WOODS

This swinging long-haired blonde can be found where the action is: crazy clothes, senior mixers, Russ' unexpected arrivals, Waynes's bus chasing, and the Woburn Battle of the Bands with George. Her wildest ambition is to be a "surf bum" at Nauset. A daisy . . . green eyes . . . Curtain & Cue.

KEVIN MICHAEL YORE

Unique in every way but one . . . glad to leave W.H.S. "It's all right." Graduation symbolizes the Grand Utopia which Kevin has struggled so hard to achieve. Will remember being a ground floor monitor.

MARILYN ANN ZIMMER

Marilyn is a charter member of W.B.S.C. She has a strange attraction for amphibians. On Monday nights, Merrylane can usually be found at Mongo A GO-GO. Weekend slumber party. "This town ain't big enough for the both of us."

JOHN O'NEIL

A far-away girl, a stupid joke, a lousy record, and the 4 B's have always made Jack smile. He'll never forget Hampton and Bill's New Year's party. His greatest ambition is coming sooner than he expected, graduation.

You are moving into a generation that is bold and eager in its dissent from the establishment; that is less certain of its future; that has no confidence in the judgment of the past; that is hungry for immediate and personal experiences; and that feels it has a responsibility to generate change.

To ask, to question, to doubt—these are the forerunners of change—these provide the vigilance that keeps us free.

The real significance to achievement of any sort lies not in its possession, but in its use; lies not in its measurement, but in its application; lies not in the word, but in the deed.
